

Equipment failures happen.

Are you covered?

You can't afford to be without your equipment for the days or weeks that it takes for a repair or calibration.

**That's where FiberOptic.com's warranties can help.
Choose the one that's best for you!**

EXTENDED WARRANTY

At the end of the manufacturer warranty period, FOM will extend your warranty coverage for an additional year.

"LOANER" WARRANTY

During the manufacturer warranty period, should your equipment need repair or calibration that requires longer than a one-day turnaround time, we will send you a "loaner" unit of equal or similar specifications.

EXTENDED WARRANTY WITH "LOANER"

At the end of the manufacturer warranty period, FOM will extend your warranty coverage for an additional year, including "loaner" protection.

IT'S EASY!

Getting protected couldn't be easier. Next time you order equipment, or if you have ordered within the last 30 days, simply mention to your sales representative that you'd like to enroll in the "Loaner" Warranty Program.

It's that simple.

At FiberOptic.com, we've got you covered.
